Full Stack Developer - CAVE

Construction, Automation, Validation, and Engineering come together to deliver CAVE Solutions.

Location: Beirut, Lebanon

Major: degree in Computer Engineering, Computer Science, or any related field.

Experience: 1-5 years of experience as a software developer with a focus on SQL.

Major Responsibilities:

- Collaborate with cross-functional teams to analyze requirements, design solutions, and implement features for ERP systems, mobile applications, and web-based projects.
- Develop custom modules and extensions for ERP systems to meet specific business needs and integration requirements.
- Design and develop responsive and user-friendly mobile applications for iOS and Android platforms.
- Implement front-end and back-end components for web applications using modern technologies and best practices.
- Optimize performance and scalability of ERP systems, mobile applications, and web projects to ensure smooth functionality and user experience.
- Conduct thorough testing and debugging to identify and resolve issues in a timely manner.
- Stay updated on emerging technologies and industry trends in ERP systems, mobile development, and web development.
- Design, develop, and maintain scalable and high-performance backend services using ASP.NET Core Web API.
- Collaborate with frontend developers to integrate user-facing elements developed using Flutter/Dart with server-side logic.

Additional Requirements:

- Expertise in ASP.NET Core, ASP.NET Web API, SQL Server, and Flutter/Dart
- Proficiency in writing complex SQL queries, stored procedures, and functions.
- Experience with agile software development methodologies.
- Proven experience as a Full Stack Developer with expertise in ERP systems development, mobile and web development.
- Excellent problem-solving skills and attention to detail.
- Ability to work independently and in a team environment.
- Knowledge of cloud platforms such as Azure or AWS
- Knowledge of Node.js, React/React Native is plus.
- Certification in relevant technologies is a plus.
