GRIEVANCE AND APPEAL

By definition, grievance is an official statement of a complaint over something believed to be wrong or unfair. The University maintains a Grievance Procedure by which UOB students may seek redress for what they believe to be unfair, improper, or discriminatory decisions, actions, or treatment contravening the established policies and procedures of the University. Grievance at UOB is related, but not limited to, academic processes, administrative processes and other human relationships. Grievances should not be confused with petitions related to academic issues (for more information on petitions, refer to the University Catalogue).

Procedure for filing a grievance:

If a student believes that he/she is fronting grievance, they may immediately choose to file a formal grievance. However, informal procedures such as discussing the issue with the student, faculty or staff member involved and resolving it on the spot are preferred.

1. A letter describing in details the issue should be submitted by the student to the Dean of Admissions and Registration.
2. The student shall sign the letter and attach to it any evidentiary or supporting materials.
3. The student should retain copies of the grievance letter and any other submitted materials.
4. The Dean of Admissions and Registration will discuss the issue with the student in the presence of his/her direct supervisor and will try to solve the issue informally. For academic grievance, the direct supervisor is the chairperson of the department or director of the program. For non-academic grievance, the direct supervisor is the Dean of Student Affairs.
5. The Dean of Admissions and Registration will then decide whether to forward the official grievance to the Administrative Committee (Standing University Committee that deals with such issues).
6. The Administrative Committee will meet with the student and concerned

personnel and will render its decision in writing and in a timely manner to the Dean of Admissions and Registration.

7. The Dean of Admissions and Registration will then inform the direct supervisor of the student (listed above) about the decision of the Administrative Committee and will ask him/her to convey the decision to the student.

Grievance Appeal:

In case the grievant is not satisfied with the taken decision, and wishes to appeal, the grievant should submit a petition form within 24 hours after the decision is received from the direct supervisor. Alternatively, within 48 hours, the petition will be forwarded to the appropriate division depending on the case. A reply to the petition has to be made within 5 working days after the petition is filed.

STATEMENT POLICY ON HARASSMENT AT THE UNIVERSITY OF BALAMAND

Introduction

The University of Balamand (UOB) is an academic institution with a distinguished intellectual background, as stated in the Mission Statement of the University. This background is rooted in an environment of dependence and trust, in which students, faculty and staff from different social groups and from various regions in Lebanon, the Arab world and foreign countries, are able to meet. The University is committed to the values of human dignity and equality, offering a climate that supports its academic mission and moral approach.

The University issues on a continuous basis, policies, regulations and declarations that define ethical standards and the disciplinary principles that members of the UOB community are expected to follow in their personal and work relationships. With its commitment to morality, the University is particularly concerned about the issue of Harassment and is keen to interpret it in the context of our Eastern culture that is open to global influence.

Definition

There is no one definition of Harassment but all agree that such behavior creates an atmosphere of tension among students, faculty and staff members, violating human rights and the fundamental freedom of the individual. Harassment can be identified as an abusive act of a moral or physical nature, intended to:

- obtain a service that does not fall within usual functional responsibilities (such as personal administrative services).
- initiate unacceptable behavior (such as sexual Harassment).
- make a statement or adopt a position that is not related to job responsibilities.

Discrimination on the basis of sex, national origin, citizenship, age, personal status, religion, health or social status is also considered to be a form of Harassment.

Acts of Harassment may take one of the following forms:

- Verbal abuse: abusing an administrative or educational official by issuing threats, repetition of undesirable and unjustified requests, swearing, yelling, vulgar insinuations, comments, jokes of a sexual nature and unwanted requests for a meeting.
- Non-verbal abuse: suggestive sounds like whistling, offensive gestures, physical gestures of a violent or sexual nature.

- Physical abuse: bullying, undesired physical contact, assault or other forms of physical aggression.
- Social Media abuse: emails or postings on the Internet or social networking sites containing a clear threat of a sexual nature, in the form of writing, pictures or videos.
- Note: These comments do not apply to those participating in courses requiring physical contact or unusual department such as the theater, physical education or medical treatment.

Concerned Groups

When the relationship between a student and a staff member or faculty member, or between a staff member and a faculty member, or between faculty members, is characterized by any one of the above forms of behavior, it will be considered Harassment. The University strictly forbids any such form of Harassment in daily relationships, and in particular:

- when accepting new students at the University, or during registration, or in classrooms, or during a particular activity.
- in grading and evaluating students' academic performance.
- in the recruitment process (student workers, faculty members, staff members and workers).
- in the promotion process in Faculties and Administrative Offices.

Filing a Complaint

In all cases of Harassment, the harassed person should discuss the matter with his direct supervisor. If the harassed person is a student, the direct supervisor is the Dean of Student Affairs; if the harassed person is a staff member, the direct supervisor is the Director of Human Resources; if the harassed person is a faculty member, the direct supervisor is the Dean of the Faculty.

Depending on the particular case, the direct supervisor of the harassed person, after consultation with the direct supervisor of the harassing person, will decide if the case has to be referred to the University Administrative Committee or if the direct supervisor can take the appropriate cautionary or punitive measures. If the case is referred to the Administrative Committee of the University, sanctions that can be imposed range from a verbal warning, to suspension for a period of time from the University, to expulsion from the University, depending on the severity of the case and the extent of its recurrence. In all cases, a detailed report describing the matter and sanctions imposed should be sent to the President of the University by the direct supervisor of the harassed person or the Chairman of the Administrative Committee.

In the case of a student, a staff member or a faculty member being harassed

by a person visiting the University, the direct supervisor of the person who was harassed should consult with the person hosting the visitor to decide on the action to be taken. If deemed necessary, the direct supervisor may file a complaint under the applicable laws.

APPENDIX B

ACADEMIC INTEGRITY AND COPYRIGHT POLICIES FOR THE UNIVERSITY OF BALAMAND

REVISED ON MAY 11, 2009

*BASED ON AN INITIAL DOCUMENT PREPARED BY:
JONATHAN HALL, RANDA AL-CHIDIAC, AND SUHEILA SALEM*

1. Academic Integrity Policy

1.1 Introduction

As a community committed to intellectual endeavors, the University of Balamand recognizes honesty as the foundation of the academic activities of its faculty members and students. UOB strives to provide students with the knowledge, skills, and judgment they need to function in society as educated adults. Falsifying or fabricating the results of one's research, presenting the words, ideas, data, or work of another as one's own, or cheating on an examination corrupts the essential process of higher education.

1.2 Guidelines for Academic Integrity

Students assume full responsibility for the content and integrity of the coursework they submit. The following are guidelines to assist students in observing academic integrity:

- Students must do their own work and submit only their own work on examinations, reports, and projects, unless otherwise asked by the instructor. Students are urged to contact their instructor about appropriate citation guidelines.
- Students may benefit from working in groups. They may collaborate or cooperate with other students on graded assignments or examinations if instructed to do so by the instructor.
- Students must follow all written and/or verbal instructions given by instructors prior to taking examinations, placement assessments, tests, quizzes, and evaluations.
- Students are responsible for adhering to course requirements as specified by the instructor in the course syllabus.

1.3 Forms of Academic Dishonesty

Academic dishonesty includes, but is not necessarily limited to, the following:

a. **Plagiarism** is intentionally or carelessly passing off another person's work as one's own. It is taking and using information, ideas, opinions, theories or another

person's actual words or source without acknowledging the source, thereby creating the impression that the work is one's own.

Plagiarism can occur in the following ways:

- Using text from another source (e. g. books, journals, newspapers, web sites, etc.) without documenting the source
- Using direct quotation (the exact words or verbatim) from a text without quotation marks, even if the source has been cited correctly
- Paraphrasing or summarizing the ideas or text of another work without documenting the source
- Substituting a word or phrase for the original while maintaining the original sentence structure or intent of the passage with or without citing the source
- Using graphics, visual imagery, video or audio material without permission of the author (or publisher) or acknowledgment of the source
- Translating text from one language to another without citing the original work
- Obtaining packaged information, foreign language translation or a completed paper from an on-line source and submitting it as one's own work without acknowledgment of the source
- Presenting the work of another as one's own.

b. **Cheating** is giving or receiving, or attempting to give or receive any unauthorized aid during an examination to improve a grade or obtain course credit. Cheating is not limited to examination situations alone, but arises whenever students attempt to gain an unearned academic advantage.

c. **Duplicate Use of Written Work** is the submission of the same paper, or substantially similar papers for two different courses without the consent of the instructors.

1.4 Penalties for Academic Dishonesty

1.4.1 If a student is found **guilty of violating academic integrity policies**, any one or a combination of the following penalties may be imposed:

- Failure of the assignment, project, or examination on which the student was found to be academically dishonest.
- Failure of the course in consultation with the Dean. Such offense will be documented in the student's record to note repeat offenders.

1.4.2 Any case of **cheating** will automatically result in a grade of zero on the assignment in question. Repeat offenders must be administratively dropped from the course, with a grade of 40, and referred to the University Disciplinary Committee which will consider suspension or expulsion from the university.

1.4.3 The Faculty Dean may also raise the case to the University Disciplinary Committee where the latter may issue the following disciplinary sanctions after a hearing, in accordance with the Academic Integrity and Copyright Policies:

- Placement on Academic Probation
- Suspension from the University for a definite period of time ranging from a semester to a full academic year
- Dismissal from the University.

1.5 Encouraging Responsible Work

Faculty members should encourage students to do responsible work. This is best accomplished by designing assignments, which require students to draw on their personal skills and do their own work. Lists of possible assignments duplicated/little changed from year to year should be avoided.

1.6 Plagiarism Statement for Syllabus

Faculty members are requested to include a statement on plagiarism in the syllabus of each course and make reference to the UOB Policy on Academic Integrity and Copyright.

2. Academic Copyright Policy

2.1 Definitions

According to the Oxford English Dictionary, copyright is “the exclusive right given by law for a certain term of years to an author, composer, designer, etc. (or his assignee), to print, publish, and sell copies of his original work.”

The Lebanese Copyright Law endorsed on April 1999 ,3, and entered into force on June 1999 ,6 “has now extended to computer software, video films and all kinds of audio-visual works. The law now provides stiffer penalties for offenders and better compensation to the persons whose rights have been infringed. The manner in which the copyright is breached has also been extended.” (as stated on the website of the Ministry of Economy and Trade).

The Lebanese Copyright Law makes it illegal to import, make, distribute, sell, or rent copies of copyrighted materials without authorization from the owner. No copies except one backup copy are allowed without the specific authorization of the copyright owner.

2.2 Fair Use

“Fair use,” a concept embedded in the law, recognizes that certain uses of copyright-protected works do not require permission from the copyright holder or its agent. These include instances of minimal use that do not interfere with the copyright holder’s exclusive rights to reproduce and reuse the work.

The Lebanese law does allow the practice of “fair use,” a legal concept that

allows the reproduction of copyrighted material for certain purposes without obtaining permission and without paying a fee or royalty. Purposes permitting the application of “fair use” generally include reviewing, news reporting, teaching, and scholarly research.

Chapter VI of the Lebanese Copyright Law (Exceptions) Item 26 & 25 on the Protection of Literary and Artistic Property (No. 75 of April 1999 ,3) states that 25. “... It shall also be permitted, without the authorization of the author and without obligation to pay him compensation, to use a limited part of any legally published work for purposes of criticism, argumentation or citation or for an educational purpose, provided that the part used does not exceed what is necessary and customary. However, the name of the author and the source shall always be indicated, if the name of the author is included in the work.

26. It shall be permitted, without the authorization of the author and without obligation to pay him compensation, to copy or reproduce articles published in newspapers and magazines or short excerpts of a work, provided that it is done solely for educational purposes and within the necessary limits of such purpose. If the names of the author(s) and the publisher appear on the original work, they shall be mentioned in each and every use of the copy of the article or work.”

2.3 What Can Be Photocopied?

A single photocopy of a portion of a copyright-protected work, such as:

- A maximum of three (3) chapters from a book (never the entire book);
- An article from a periodical or newspaper;
- A short story, essay, or poem. One work is the norm whether it comes from an individual work or an anthology;
- A chart, graph, diagram, drawing, cartoon or picture from a book, periodical, or newspaper.

However, in all cases, the name of the author and the source should always be indicated.

2.4 What Should Be Avoided?

- a. Making multiple copies of different works that could substitute for the purchase of books, publisher’s reprints, or periodicals
- b. Copying the same works from semester to semester
- c. Copying the same material for several different courses at the same or different institutions.

2.5 When Is Permission Required?

- When the material is used for commercial purposes
- When the material is used repeatedly
- When a work longer than 2,500 words is used in its entirety

2.6 What Are The Penalties?

The University of Balamand does not condone nor tolerate the unauthorized copying of licensed material by staff, faculty, or students. The University shall adhere to its contractual responsibilities and shall comply with all copyright laws, and expects all members of the University community to do so as well. Members of the University community who violate this policy may be subject to discipline through standard University procedures. It falls on the Dean and faculty members to report such cases. Subject to the facts and circumstances of each case, such individuals shall be solely responsible for their defense and any resulting liability.
